CALLING & MINISTRY OBJECTIVE

Since the Fall of last year, God has been dealing with me to let go and follow His lead even though I didn't understand what all He had in store at the time. He placed a burden on my heart for the Preschool ministry here at FBC and that led to my pursuing the possibility of becoming the Minister to Preschoolers and Families. I am excited about all of the opportunities that will be open to us as we work together to connect preschoolers and their families with God.
